Observations...

By the Editor

We are not going to burden you with our observations this week, other than to offer a suggestion to every qualified elector to cast their vote, Tuesday, August 7, and to ask that you turn to the second page of our first section and read our guest editorial, which was contributed by Reverend Robert L. Lee, Pastor of the First Baptist Church of Bay St. Louis. We are indeed grateful to Mr. Lee for this splendid contribution to our editorial columns, on a most important question at a most opportune time.

County Infant Struck By Polio

The Hancock County Chapter of the National Foundation for Infantile Paralysis has been alerted to combat polio outbreak which has already struck in 47 counties of the state. The State Board of Health has reported 153 cases this year as compared to 117 for the same period last year.

Joy Lynn Peterson, 19 month old baby of Mr. and Mrs. W. J. Peterson was stricken last week, and rushed to the Lutheran Polio hospital in Vicksburg, Mississippi for treatment through your local chapter.

Esther Helm, Southern Mississippi Representative of the National Foundation, in a special communication called upon Mrs. Theo Tudury, local chairman, to alert the Chapter and to be prepared to act quickly to meet emergencies which may arise.

The Chapter Chairman disclosed that facilities for polio treatment are available at two hospitals in Vicksburg. Mrs. Tudury said the local chapter is prepared to assist families with transportation and treatment cost if help is needed. Carrio arrived in Korea during the first phase of the fighting—the crucial days of the Pusan defense by U. S. troops. He was a member of the Ninth Infantry, Second Division.

Wounded twice in combat, Carrio received the Purple Heart twice and the Bronze Star. He spent two months at a hospital in Yokohama, Japan, recovering from his wounds.

Rutherford Resigns As Election Official

John Rutherford Jr., who was named an election manager for the Courthouse box at a meeting of the Hancock County Democratic Executive committee Tuesday, July 24, wrote a letter of resignation which is given in full below, to the group.

Hancock County Democratic Executive Committee
Bay St. Louis, Miss.
Gentlemen:

In the current edition of the local papers, it is noted that my name is among the Election Managers selected to serve on the Courthouse box on election day.

As I am an employee of the Federal Government in the Treasury Service, it will not be possible for me to serve as an election executive. This is in violation of the Hatch Act, which forbids serving at polls on election day.

Trusting that you will replace me in this assignment, I am,

Yours truly,

John D. Rutherford Jr.
A commissioner to replace Rutherford will be named Tuesday, August 7, the morning of the election, by T. F. Monti Jr., and Lucien Kidd, members appointed to serve with Rutherford at the Courthouse box by the Executive committee.

Reports were heard at the meeting of the County Coordinating Council held Monday, July 23, on the Youth Center, Red Cross swimming and water safety program, athletic activities and public library, as to services rendered to the youth of Hancock County during the past ten years.

Mrs. J. B. Goldman, former Red Cross Water Safety chairman, gave an interesting and informative report on the water safety program during the last ten years. Kenneth Whitfield is now chairman of this program.

The program was inaugurated in 1939, Mrs. Goldman said, and Marion Chapman was the first instructor to be sent to an aquatic school from this county.

In 1945, Thomas Costello, special field representative, held a 30-hour instruction course and seven local persons passed.

Among those who gave their time to instruction work here are Mrs. L. A. Rogers, Mrs. R. L. Hamilton, Mark Solomon, Misses Nanette Arceneaux, Mary Leigh Weston and Gloria Biehl, and Mrs. M. J. Languirand.

In closing her report, Mrs. Goldman stated that there were 211 enrolled for the courses offered this year under Mr. Kenneth Whitfield, and 83 at St. Joseph's camp.

YOUTH CENTER
A report on the Youth Center was heard from Mrs. Sam Whitfield, chairman of the advisory board. She touched on the organizing of the Youth Center by Mr. Joe Burrow who was then a member of the city schools' board of trustees, and who was responsible for starting the movement for a recreation center.

Because of Mr. Burrow's efforts and the cooperation of the school board, the ground was purchased and the building bought from war surplus, rebuilt and decorated into an attractive building. In 1948, one of the most attractive and well equipped youth centers in the state formally opened its doors to the young people of Bay St. Louis.

It now has a paid supervisor and a large membership who elect their own officers and who work with the advisory board. Entertaining programs suitable for young people are planned and executed. The board is now planning the construction of a tennis court.

Any young person of Hancock County between the ages of 12 and 20 is eligible for membership. The club now has a membership of 200.

PHYSICAL EDUCATION
Mrs. Whitfield also spoke on Miss Beardon's work in athletics with girls. Miss Beardon is the physical education instructor for the girls at Bay High, and has an intensive summer program underway.

Miss Beardon's report stated that more than 40 states of the

The Public Housing Authority, Atlanta office, announced this week the authorization of the erection of 36 housing units to be divided equally between white and colored families in Bay St. Louis.

No site has been selected yet, but John A. Seafide, chairman of the City of Bay St. Louis Housing Authority, stated that the Atlanta office would release the information along with the time when the work will begin.

A preliminary loan of \$2880 has been granted to the local housing authority for incidental expenses.

Six weeks ago, a survey made by Gould, Gleis and Benn, Inc., showed the housing needs and requirements in the city of Bay St. Louis.

Examination of 791 residences at that time disclosed that 554 were of a sub-standard nature, they were lacking proper bathroom facilities and other necessities.

The housing project is strictly federal as neither the city nor the state has funds involved.

Two are Injured In Wreck At Kiln

Two men were injured Tuesday morning when a 1950 Mercury rammed into the back of a Pepsi Cola truck between McCloed and Kiln. No report was immediately available as to the cause of the accident.

Injured were Jack Mitchell, assistant on the truck, and Leonard Frederick Jr. colorado driver of the Mercury. Both are from Piquayune.

Mitchell is undergoing treatment at King's Daughters hospital for possible head injuries. Frederick was rushed to Charity Hospital New Orleans, by Fahey ambulance. He was thought to have possible internal injuries.

Sheriff B. D. Johnson, who rushed to the scene of the accident, stated that the Mercury was completely wrecked. Johnson also said that when he arrived, the truck had left and that he is looking for the truck driver, thought to be Buford Smith of Piquayune.

TO THE QUALIFIED ELECTORS OF HANCOCK COUNTY

There are rumors being circulated that I have withdrawn as a candidate for the office of Sheriff and Tax Collector in the Democratic Primary Election to be held August 7, 1951. THIS IS DEFINITELY A FALSEHOOD.

While I have been ill and unable to make an active campaign, I am now well on the road to complete recovery; and I wish to inform my friends and backers that I am definitely a candidate and still very much in the race. I will be fully recovered and capable of rendering competent and experienced service as your Sheriff and Tax Collector, if elected.

FRANCIS J. BOPP
Candidate For Sheriff and Tax Collector.

P. Johnson Wants "New Leadership"

Paul B. Johnson, candidate for governor, spoke at the county courthouse in Bay St. Louis Tuesday night before a large crowd.

Johnson was introduced by Dan M. Russell, Jr.

Johnson talked on the subject of education, better schools, better salaries for teachers, better salaries for bus drivers and reasonable security for teachers after retirement. Equal educational advantage for Negroes, but segregation.

He advocated a progressive program of agricultural education; farmers should receive the best information possible. Fuller use of the Extension Service through the county agents and Home Demonstration Agents should be made available.

Johnson stands out boldly for old age assistance but says this is a problem to be worked out between the state and the federal government. Johnson said, "I want to see a law passed in Mississippi providing that we match the money already appropriated and offered to the state by our federal government for old age pensions."

Over 100 boats from Bay St. Louis, Waveland and Pass Christian are expected to take part in the annual Blessing of the Fleet and lugger races to be held Sunday, August 5, at Pass Christian, A. B. Tipping, Commodore of the P. C. Y. C., announced.

The festivities will start at 1:00 p. m. with the crowning of the queen of the fleet, followed at 2:00 p. m. with the procession of all boats past the reviewing boat anchored in the middle of the harbor. They will be blessed as they pass.

At 3:00 p. m. all boats, divided into four classes, will race around a marked course for cash prizes. Following these activities there will be an "open house" on the beach at the Pass Christian Yacht Club for the fishermen, their families and visitors. The members of the Yacht Club will act as hosts.

This is the second year the festival has been held. Last year approximately 80 boats joined in the procession and blessing, with about half participating in the races following.

An added feature this year will be the selection of the "Queen of the Fleet." A contest is being conducted between Ruth Ann Lucky, Berna Koolsenberger and Doris Kowalski; one will reign over the festivities with the other two as her maids.

Reverend J. P. McGlade, pastor of St. Paul's church at Pass Christian, will officiate at the blessing.

These are the only lugger races held along the Gulf Coast, and there is considerable rivalry among the owners and skippers for, in addition to the prizes, the winner is entitled to fly the burgee of "Champ, 1951" from his masthead.

The festival is sponsored by the Pass Christian Yacht Club, the Gulf Coast Shrimp and Oystermen's association, Pass Christian Chamber of Commerce and Pass Christian Rotary Club.

Everyone along the Coast is invited to attend the festivities, Commodore Tipping said. "These boats will put on quite a spectacle, both parading and racing," he concluded.

Civilian Defense Meet Postponed

The meeting of the Hancock County Civilian Defense Council originally scheduled for August 6 and rescheduled for July 30 has been postponed until next month.

Vote Honestly & Thoughtfully

The most alarming thing about the alarming conditions of our country is that we are not alarmed. Thus spoke one statesman concerning the gravity of our moral situation revealed by the exposures of the Kefauver committee and the breaking of scandals involving government agencies.

Such a statement should give us pause at this crucial time. As a matter of fact, we should be disturbed out of civic indolence and apathy, at least enough to use intelligently our most potent weapon of good citizenship—the personal vote.

The time draws near for decision. What type of men are we to elect as public officials? Are they to be vassals of some vice syndicate which will drain the community of much of its profits derived from legitimate trade and which will demoralize many family men and even teenagers? Are they to be men upholding right as against wrong, or will they be such characters as will condescend to satisfy the whims and fancies of our lower nature?

This is a time in history when our passions should be divorced from our better judgment. As a good soldier must brush aside sentimental considerations, bid farewell to family and friends, swallow the lump in his throat, and bravely set forth to battle godless hordes, so each good citizen should overrule temporary selfish ambitions and unite with the valiant sons in Korea by fighting unsavory elements destroying the foundations at home.

Consider the fundamental issues at stake! Contemplate the platform of each candidate. Will the man and his program make our community a better and safer place in which to live, and will he assist in establishing a more wholesome environment in which to rear children? Will he make an effort to attract industry that will provide income for our people? Is the candidate's character consistent and upright enough to insure the promises he made at the rally? Or will he simply endorse the nation's depravity and accelerate our moral dissipation?

The toboggan slide toward complete national decay and disintegration can scarcely be camouflaged by cocktail diplomacy or economic security. In fact, therein is no security at all. Our hope, on the contrary, lies in facing squarely all problems that confront us and in the choosing of stalwart leaders who are not for sale. If we elect men of questionable character out of a desire to curry favors, and they sabotage our interests, then we are to blame. Men in public office reflect the character of the people. They are what the majority of the people wish them to be.

Unthinking people who cast their vote for hand-outs, personal favors, or political prestige are the greatest menace to the democratic way of life. By their actions they endorse the communist philosophy and in a small way help sell America down the road.

What benefits will accrue in an all-out mobilization of men and resources and in a catastrophic war designed to suppress deceiving demagogues with their fantastic promises to the masses if we permit the same situation to develop right here? Soviet Communism is democracy perverted and without God.

Let us remember that voting privileges incur responsibilities. It is incumbent upon every American citizen worthy of the name to vote honestly and thoughtfully. Your vote is YOUR vote!—Guest Editorial by Rev. Robert L. Lee.

Honor Misses Della And Naomi Tullios

On Tuesday afternoon, July 31, the Southern Bell Telephone Company was host at a reception, at the First Baptist Church, Pass Christian, given in honor of the occasion of the retirement of Misses Della and Naomi Tullios from the local Telephone office following 25 years of outstanding service.

The assembly room of the church was beautifully decorated for the festive occasion with palms and ivy and baskets of summer flowers. The Telephone company colors of blue and white predominated throughout the decorations.

The serving table was covered with a lace cloth. The centerpiece was a floral arrangement of yellow roses and blue chrysanthemums topped with a blue bell, symbolic of the Telephone company.

Punch was served from a silver punch bowl and tapers in silver candleholders adorned either end of the table.

Refreshments of punch and blue and white petit fours were served with Misses Kay Ruth Lader, Nedra Niolet, Beth Spence and Bernice Thompson presiding at the punch table.

The entire staff of the local office attended the reception by arranging shifts at the switchboard.

Serving as hostesses were Misses Mary Margaret Johnson, Nellie Bourdin, Anna Louise Vaccaro, Roberta Van Court, Muriel Simpson, Dottie Cox, Betsy Weber and Mesdames Miriam M. Daniel, Del Devenanti and Joyce Dwyer.

Miss Anna Louise Vaccaro presided at the Registrar's desk where guests attending the reception signed their names.

Miss Della who wore a black summer sheer dress, was presented a purple corsage, and Miss Naomi, who wore an aqua and white dress, received a white orchid. Each operator was presented a gardenia to wear in her hair.

Gifts presented to the Tullios sisters were opened and cards read. The gifts, including the exquisite silver coffee service presented by the local operators, were displayed on the serving table.

Miss Nellie Bourdin, who was an honor guest at the reception, was presented her 25 year service pin by H. P. Farwell, Mississippi Traffic Superintendent, of Jackson, Mississippi. Miss Bourdin, who wore a pink summer dress, also received a corsage.

Mrs. Olive Faye Martin Evans was awarded a citation and a check for \$50.00 for services over and above duty while working as a night operator in the Pass Christian office. Her outstanding services were rendered at the time of the Spradley garage fire.

Misses Tullios received their life membership in the "Pioneers of America", with Paul H. Boger, District Traffic Manager, of Hattiesburg, Mississippi, and president of the Gulf Chapter of the Pioneers of America making the presentation.

Henry P. Farwell then presented the Tullios sisters with their retirement pins.

Reverend W. S. Allen, pastor of the First Baptist church, offered a prayer.

—Plan to go to Kilm Sunday, August 5, and attend the annual Church Fair for the benefit of the Church of the Annunciation. Your attendance will be appreciated.

State College, Miss.—From the tiny seed of a 20 member attendance in 1922, the Mississippi Home Demonstration Council has grown to 600 members attending the 1952 annual meeting here during Farm and Home Week.

This growth in attendance is only one indication of the growth of the Council in leadership, accomplishments and activities, pointed out past presidents of the Council, which represents over 24,000 home demonstration club women in Mississippi.

When Mrs. Kirby L. Spurlock, of Columbus, took over as president in 1923 when the Council was only one year old, home demonstration clubs were striving to solve three problems of farm women and girls—marketing, isolation and earning of money without going away from the home.

Mrs. J. B. Bruce, of Greenwood, remembered how the "front steps of the YWCA at State College held the group" at the 1930 meeting, when she was president. This group represented 20 counties with an organized home demonstration program, compared to 80 counties today.

"You rural women have your feet on God's green earth today," Mrs. Bruce declared. "Hold what you have."

In these early days canning, poultry and gardening ranked high on the home demonstration program. Today, these projects still have their place in the home demonstration goal of more abundant rural living, pointed out Miss May Cresswell, State Home demonstration agent.

But in their role of community

and state leaders, with an influence in state and national activities, the home demonstration delegates have approved a program for the coming year that will influence state legislation, family, community and state health, wider use of cotton products, and world understanding.

In their community clubs and county councils, home demonstration club women will study parliamentary procedure in 1952, Mississippi's inheritance law, family needs and interests, women of the world and their places in government, Asiatic countries, and the progress of Negroes in their counties as to profession, schools, property ownership and business.

Mrs. John Hancock, of Rt. 3, Vicksburg, served as chairman of the study course and planning committee, which made three recommendations.

The Legislative Committee, headed by Mrs. J. C. Jeffcoat, Rt. 3, Richton, recommended the support of a public responsibility law requiring liability insurance for vehicles on roads and highways, pre-marital physical examinations, and effective rural zoning.

Citizenship activities, proposed by committee of which Mrs. Mildred Moak, Rt. 5, Summit, was chairman, will urge that all women pay poll tax, register and vote, study the United States Constitution and study and practice conservation of natural and human resources.

On the program in recognition of the time of national emergency was recognition of the need for higher taxes and willingness to pay them, and of the urgency for

not hoarding, obeying price and wage controls and cooperation with defense programs.

Mrs. H. K. Upshaw, as chairman of the health committee, presented recommendations for financial cooperation with local health departments in physical and dental correction programs, for home nursing and first aid courses as civil defense responsibilities, for promotion of safety practices in the home, school and community, and encourage farm families to protect themselves with medical insurance.

Those in attendance were Mrs.

Louis Fayard, New Orleans, Mrs. Louis Champagne, Lois, Margie, Louis and Henri Champagne, Gregory Kothman, Miss Alma Fayard, Kenneth's mother, Mrs. Henry Kothman, who, with Stieve Stieffel, acted as hostess.

CANDIDATE FOR REPRESENTATIVE HANCOCK COUNTY

HONEST, QUALIFIED AND EXPERIENCED

The time is growing near when you will select a man to represent you in your State Legislature. This office is just as important as any you have in the County.

The man you select to represent you for the next four years, will help spend over two hundred million dollars and pass the laws you are governed by. Don't you think that makes it important.

You need a man who is honest, qualified and experienced to fill this important office of representing you, the people.

If you elect me to this high office, I will give you four years of honest and efficient service.

You know I served you four years in the Legislature, and I would like for you to investigate my record. You will find that I was always on the job working for the best interest of all of the people.

If you elect me, I shall continue to fight for better schools and better roads.

I will do all in my power to help the old people of the County get at least \$40.00 a month in assistance.

I want to see the automobile owners get some relief—\$3.00 tags or reduced personal tax.

I will support any legislation to help our veterans.

I want to see the Home Farm Loan Fund increased to Ten MILLION DOLLARS.

I am in favor of the development of our Coast. I think that it is the greatest asset that the County has.

I am against any toll bridge, and will put up a fight to abolish all of them in the State.

When you go to the polls, next Tuesday, vote for the man you honestly think is best qualified to serve you, and I believe you will vote for me.

Why SPEED to DESTRUCTION

MISSISSIPPI SAFETY COUNCIL
Ignoring traffic signs is the same sort of deadly thoughtlessness that prompts a hunter to see if his gun is loaded by squinting down the barrel and snapping the trigger experimentally.

That was the blunt warning given Mississippi motorists today by Captain A. S. Windham, Executive Director of The Mississippi Safety Council. "The folly—and the chance of survival—

can be very comparable," he said.

"Disregarding a traffic sign or signal," according to Windham, "can usually be traced back to one of two possible causes. Either the driver saw the sign and mentally discounted the dangers implied by it, or he looked—literally—through the sign and didn't see its warning."

Of the two, Windham said that the latter was probably the greater of the two hazards to drivers and the harder to impress upon them.

"When a man drives the same route, day in and day out, he becomes more or less calloused to the traffic signs along the way. Eventually, a stop sign may completely lose its meaning. He may fall into the habit of merely slow-

ing down a little when he comes to the intersection and get away with it for years. "Then, one day," Windham said, "he finds himself hit broadside by another car. If he survives the crash, he is usually quite shocked to find himself legally at fault."

Windham spoke on traffic signs and signals on behalf of the Mississippi Safety Council's "Operation Safety" program of traffic safety education.

Having "The Signs of Life" as its theme this month, the Safety Council is cooperating with the National Safety Council in a concerted effort to halt the annual loss of life and property in traffic accidents resulting from the disregard of traffic signs and signals.

"The work being done this

month in Mississippi," Windham said, "is being coordinated locally with the national program by the Highway Safety Patrol."

ED ORTTE MAKES EXPLANATION TO THE CITIZENS OF DISTRICT 5

All of the figures and reports used in my campaign with reference to the county's financial condition are most authentic as they were furnished and compiled by Mr. J. O. Jones who is a certified public accountant and under no condition would a certified public accountant ever misuse or misrepresent any figures or records that he has audited.

I state the above because some rumors are afloat as to the authenticity of figures used in my campaign and also in the event should any of my opponents try to ridicule or contradict any parts of the financial records I have published. So please remember I did not compile any of these figures, they were furnished by a licensed certified public accountant, Mr. J. O. Jones, of Gulfport, who stands ready to back up or explain any part of the report published over his signature.

There is however a minor difference in a statement published by the Clerk, Mr. A. C. Mitchell with reference to the deficit in the sea wall fund as of January 5, 1948 where he gives the amount of \$320.16.

Mr. Jones states there was a deficit in the sea wall fund of \$10,783.31 AT THE END OF THE FISCAL YEAR 1947 - 48.

Both reports are correct. The only difference is as stated above, Mr. Mitchell closes his report as of January 5, 1948, and Mr. Jones goes through the fiscal years of 1947 - 48.

To explain further, immediately following the Hurricane the outgoing board ordered the payment of the debt of \$40,823.38. Practically all of this had to be paid after the new board took office and as these amounts were paid a deficit was automatically created.

The entire record sent out in letter form by Mr. A. C. (Mitch) Mitchell, with reference to the 3 1/2 years of the Board of Supervisors and Clerk of Courts activity is a true picture of the progress of Hancock County over this period.

I have in my possession a concise audit of the entire financial records of Hancock County for the fiscal year's 1947 to 1951. I will be glad to show any one, at any time these records in their entirety.

I have endeavored, in every way possible, to truthfully explain and familiarize you with the entire financial operations and status of Hancock County.

If there is any further information you desire, you are at liberty to contact me and I will be very happy to furnish you with any information you may seek.

Trusting I will receive the support of all citizens in Beat 5, I remain sincerely your friend,

Mayor Quitman Lott Makes Statement To The 40th Senatorial District

Please let me express my profound appreciation to the good people of the District for the interest shown in me for this important office.

The 7th day of August is near. Let me take this means of asking one and all for your valued support. I hope you can appreciate the fact that it is impossible to see everyone in person. I believe with the almost 12 years of experience in public life and in an official capacity, I can best serve you as State Senator. My friends, I am very desirous to represent you in the highest law-making body in the great State of Mississippi. I have but one promise to make you, and that is to have a part in seeing Mississippi go forward in the industrial manner which she has made much progress. I am interested in the natural resources of our State. I am at a loss to know why we cannot have refineries in Mississippi to refine our vast amount of gas and oil we have. I am vitally interested in the progress that South Mississippi has made in timber growing, cattle raising, tung oil and dairy industry; you people are to be commended.

I would like to have a part in a much broader field of education. Teachers paid considerably more money; to my mind is one of the most important phases of our christian way of life and democracy.

I would like to have a part in seeing the old people of Mississippi get at least \$40.00 per month with no strings attached. I say the old people are entitled to a compensation and in no way have to qualify for it. And, at the same time give Mississippi one of the largest pay rolls in its history. I would like to have a part in seeing more highway money used in building farm-to-market roads, ALWAYS BETTER ROADS.

I would like to have a part in doing something out-standing for the Veterans. I want to make it possible for the boys eighteen years of age to be allowed to vote. If they are old enough to go to war and fight, I think they should have a say who their officials are. My friends, I believe I am going to be your Senator, so I will pledge to you at all times that I will stand only for those principles I think to be honest, christian, moral, faithful, courteous and efficient. If I am elected your Senator, I will at all times be available to talk our problems over, for after all, I must have your help to make me a Senator.

My friends, if you do not know me, I ask you to call or see the people in my Town and County and ask about me. I am for any and everything that will make Mississippi progress and be out-standing.

I will appreciate your vote and help on the 7th of August.

RED CROSS AID

(Continued from front page)

671 homes have been destroyed and 22,931 severely damaged.

TO PROVIDE RELIEF

The Red Cross will provide these people with rehabilitation. Robert Edson, director of the Red Cross relief and rehabilitation operation for the four-state mid-western flood area, returned from a swing around the major flood areas in Kansas and reported that rehabilitation costs to Red Cross in that state alone will exceed estimates of five and a half million dollars.

In addition to the thousands of Red Cross volunteers now serving in the disaster area, there are, as of this date, 302 Red Cross staff members there. Of that number, 31 are from the South-eastern area, and it is expected that five more persons from this area will be sent to the disaster scene.

COORDINATING COUNCIL

(Continued from front page)

Union have some plan of legislation for the teaching of physical education in the public, elementary and secondary schools. Instruction in health education is available two days a week. A full time physical education teacher for girls was added to the Bay High faculty ten years ago. The summer program includes badminton, volleyball, table tennis, soft ball and swimming. The youth center is open 3:00 to 5:00 p. m. during the week, which makes it possible to teach some of these classes, and all girl eight years up may take part.

PUBLIC LIBRARY

Miss May Edwards gave the report for the city-county public library in its service to children through books. She told the group that the library could no longer serve the children in the county because teachers in the schools would not assume the responsibility of returning the books. She stated that the service is still there if the teachers want it.

Miss Edwards said that when she went to work at the library in 1937, she devoted the major part of her time to children and youth and had found it interesting to teach them to read the right kind of books.

There is no doubt that the Library has been a means of creating a taste for reading among children who might otherwise never have cultivated the art.

—Mrs. James Parson and infant daughter, Susan Elizabeth, have returned from Memorial hospital, Gulfport and are at home with her parents, Mr. and Mrs. William Douglas Bourgeois.

Sumrall-Siren Nuptials Held

Miss Carol Lynn Siren, daughter of Mr. and Mrs. Alton L. Siren of this city and New Orleans, and Sgt. Harry L. Sumrall Jr., U. S. Marine Corp were married Tuesday afternoon, July 26, at the home of Mr. and Mrs. Harry L. Sumrall Sr., former residents of Bay St. Louis, now residents of Jackson.

The bride was attired in a yellow silk gabardine suit and wore a corsage of white-butterfly orchids.

Sgt. Sumrall had as his best man his brother, Tom Sumrall. The ceremony was performed by Dr. R. L. Lee, pastor of the First Baptist church here.

Following a small reception, the couple left for a short stay in Tennessee.

The bride is a graduate of the Bay St. Louis High School in the class of 1950. Sgt. Sumrall, who was graduated from St. Stanislaus in the class of '49, enlisted in the U. S. Marine Corps for a period of three years. He is now stationed at Pensacola.

Going from here to the wedding besides the bride's family were Mr. and Mrs. A. H. Gregory.

—Mr. and Mrs. L. L. Lee moved into their home on State street.

—Mr. and Mrs. George Lentz of New Orleans, left after a two weeks visit with Mr. and Mrs. R. F. Dietrich.

—Maureen O'Connor is visiting with her cousin, Janet Dietrich, at the home of Janet's parents.

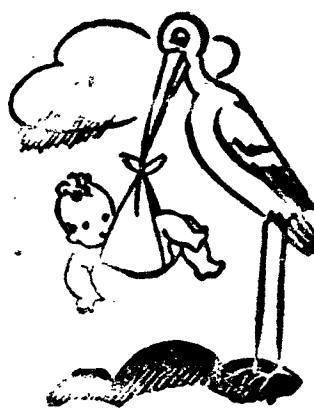

—News has been received here to the effect that Raymond Bermond, 20 months old son of Mr. and Mrs. Lee Bermond, who was severely burned three weeks ago when he pulled a pan of hot grease on himself, has had the bandages removed from his body and plastic surgery will not be necessary. It is expected that he will be home in another two weeks.

—Mr. and Mrs. W. L. McFarland and daughters spent several days here with Mrs. McFarland's parents, Mr. and Mrs. J. R. Rollins, prior to leaving for New Orleans where Mr. McFarland will enter Tulane university.

The State Health Officer Says:

Improper handling of dangerous insecticides which are now on sale for home garden use is possibly creating another hazard to the health of the general public, according to State Health Officer Felix J. Underwood.

Mr. and Mrs. William Carnes, Jr., announce the birth of a daughter weighing 7 pounds and 4 ounces Saturday, July 28.

Mrs. Carnes is the former Charlene Martinovich of the Bay.

Dr. and Mrs. Edward Weiss, New Orleans, announce the birth of a son, Thomas Edward Weiss, Jr., Tuesday, July 31, at Touro Infirmary.

Mrs. Weiss, the former Miss Catherine Torres Edward of Gulfport, is the daughter of the late Edwin W. Edwards of this city.

Mr. and Mrs. Norman Fayard, nee Miss Annabelle Favre, Bay St. Louis, announce the birth of a daughter on Tuesday, July 31, at the Kings Daughters Hospital.

Mr. and Mrs. Vincent P. Caruso of Birmingham, Alabama, announce the birth of a son, Pascal Michael, Sunday, July 29.

He weighed eight pounds and three ounces.

Mrs. Pascal Caruso, who has been visiting her son and daughter-in-law, will remain in Birmingham until Mr. Caruso and son, Luke, join them.

"If used improperly, tetraethyl pyrophosphate and parathion formulations can be quite harmful to human beings," Dr. Underwood said, "and home gardeners should exercise every precaution when using these insecticides. Although concentrates of these materials are especially dangerous, even diluted mixtures can cause illness and death if improperly handled."

Enough poisonous material may be absorbed by inhaling or accidentally swallowing small amounts of these insecticides to cause serious illness. Similarly, the poisonous material may be

absorbed through the mucous membranes of the eyes and through the skin. Dr. Underwood pointed out. Symptoms of poisoning includes headache, excessive sweating, giddiness, blurred vision, weakness, nausea, diarrhea, cramps, and discomfort in the chest.

Anyone having these symptoms after using one of the insecticides should see his physician immediately, the state health officer said. Information concerning safe use of the insecticides can be supplied by the Industrial Hygiene Unit, Mississippi State

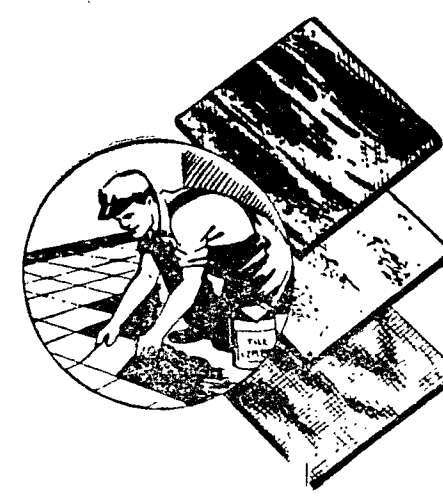

Board of Health, Jackson, Mississippi.

—Looking for something to do Sunday, August 5? Well, the Church of the Annunciation, Kila, is holding its annual Church Fair. A lot of fun and entertainment is promised for all, young and old.

—Miss Anne Alba of New Orleans will arrive today to spend the week end with Misses Udell and Beverly Favre at the home of their parents, —Mr. and Mrs. F. J. Lizana and daughter, Mrs. R. J. Melancon, and children, Jerry and Patsy, returned this week from New Orleans.

ED P. ORTTE SAYS

"IT'S ALL OVER NOW BUT
THE VOTING"

Just A Few Last Minute Remarks To My Good Friends - The Citizens of Beat 5.

Yes, it's just about over - at least the 1st primary, then "COMES THE FIRE WORKS" - THE 2nd.

We must admit however that this election has created a great deal of interest - it has brought some of the good folks out of their easy chairs, hiding places and away from their hard grind of work - the young one have stopped, looked and are listening. The rallies, fish fries, dances and shooting matches have created a different form of pleasure or work either you may call it, but it all adds up to a bunch of good people all getting back together, like at a funeral or wedding people meet each other again and again and again.

This is good in this little world where we are blessed with such a short span of life. Friendship should always exist. With Friendship comes happiness - and with such, we push aside all evil, hatred and malice and learn to love our neighbor as thy self. If we could only continue life in an honest state of truth and fairness always remembering our neighbor as a friend, one to place faith and confidence in - we would find our road to happiness much easier.

Yes we need some thing like elections to create new interest. We learn so much about each other - we may fight or argue a little - but we smile eventually - and smiles are so much better than frowns.

I hope I have not offended any of my opponents nor my friends - if I did please forgive me - because inwardly it was not my intentions. I hold no malice toward any one - this is a Country of Democracy and the freedom of speech is a by word - only sometimes we may step on some toes, but I am sure that no candidate actually intended to be mean or ruthless. Lets all say, if we have hurt anybody, that we are sorry. I know I am - I love my neighbor and always will. If I lose this election it will be simply because my people so desired. I will wish my successor good luck and I will cooperate with him at all times when he so desires. There will be no malice on my part.

Now in closing I wish to say that a few people in opposition to me have stated that a young man should be given a chance.

Do these four or five people mean that I am too old? I was 54 in June (I mean the June just past).

A couple of the boys - in their late 60's or early 70's by the name of John J. Pershing and Douglas McArthur did a great job in the line of battle defending our country - were they too old? No it was a good thing for us that they were not. However this brings me to the climax of my little missive of good thoughts - good kinsmanship and good sportsmanship, so I want to recall McArthur's last lines in his famous all time speech - when Turner fired him. The General quoted "OLD SOLDIER'S NEVER DIE THEY JUST GROW OLD AND FADE AWAY". So I say, "OLD POLITICIANS NEVER DIE, THEY JUST GROW OLD AND LOOK THAT WAY".

So long good people, the votes are yours. It is within your discretion whether or not I will serve you another term. I humbly state that to serve you four more years will be a great honor, and in my deep appreciation, if elected, I will struggle all the harder for a bigger and better Hancock County. Thanks so very much.

Red Morgan Issues Important Notice

C. M. (Red) Morgan, who is now serving his 4th term as Public Service Commissioner of the Southern District, and who is a candidate for re-election, stated today that he had purposely refrained from attending many of the local political rallies in this and other counties because he realized that these rallies were promoted so as to give the county and beat candidates an opportunity to address their own constituents. I observed early in the campaign," says Mr. Morgan, "that many of the State and District candidates who attend these rallies would take up so much of the time that the local candidates would not have an opportunity to speak to their own people, and decided that there was nothing fair about it. I am always most happy to meet and address the voters of the Southern District, but feel that people want to hear their local candidates, and it is only right that they should hear them. My failure to appear at many of these rallies was not due to a lack of interest but I have tried to be fair to the home folks in each county."

Respectfully,
C. M. (RED) MORGAN.

Hadacol Caravan To Make '51 Tour

Lafayette, La.,—July 25, 1951—plans for another fabulous Hadacol Good Will Caravan are rapidly being completed. Senator Dudley J. LeBlanc announced today. The lineup of talent reads like a MGM musical, "and we're negotiating with a lot more big names," LeBlanc said.

RUDY VALLEE
Jimmy Durante, Milton Berle, Carmen Miranda, Rudy Vallee, Candy Candido of New Orleans, Dick Haymes and Minnie Pearl are among the top stars with whom negotiations have been completed.

The 1951 Hadacol Good Will Caravan will carry three bands: Hank Williams, the nation's No. 1 blues singer and composer and his Drifting Cowboys will be on hand for the lovers of folk music; Sharkey Bonano and his Kings of Dixieland for the lovers of jazz, and Tony Martin and his 14 piece band from Houston will furnish music for the rest of the show and entertainers.

The Dorothy Dorben Adorables from the Chez Paree in Chicago will be with the Caravan again this year and will bring with them a boy and girl dancing act and a male singer. Emile Parra, dance eccentric and singer, will emcee the show.

The Hadacol Caravan will play in Lafayette on Tuesday, August 14, in New Iberia on August 15, Thibodeaux on August 16, New Orleans August 17, Hammond, August 18, Biloxi, August 19, and will then go on to tour seventeen states returning

to Louisiana in late September to play Lake Charles, Leesville, Shreveport, Monroe, Alexandria and Baton Rouge.

The Caravan will travel by stream line air conditioned train and will hold parades in each city where it shows. In addition to the above stars there will be clowns, jugglers, acrobatic dancers, a strong man act and other variety acts.

"The Hadacol Good Will Caravan is intended solely to entertain our friends, the users of Hadacol," Senator LeBlanc said. "It is not possible to visit our customers, individually, so we have organized this great show, and invite you to come and see us. We ask that children bring only one Hadacol box top, and that adults only two Hadacol box tops—as proof that you are a Hadacol customer."

HOME AGENT'S NOTES

BEWARE OF ALL HEAT ILLNESSES

By MISS MADGE ALLRED

For the time when friends drop by, and for your family and children, doesn't a cooling fruit punch sound refreshing. Here is one that is both delicious and appealing to the eye.

GOLDEN WEDDING PUNCH
2 Cups Lemon Juice
6 Cups Orange Juice
8 Cups Apple Juice or Yellow Plum Juice
4 Cups Sugar Syrup, or Sweetener to Taste

GEE, IT'S HOT!

In these days of high summer temperatures when you feel you have to do your housework, canning, gardening and other day to day jobs, be careful not to get overcome by heat illness.

It might take the form of a sunstroke, which follows prolonged exposure to the sun, or heart-stroke from excessive heat with or without exposure to the sun. The effects are the same and either may be fatal.

The symptoms are hot and dry skin, face red and flushed, breathing hard and loud, pupils enlarged. Unconsciousness may follow in severe cases. With heat exhaustion the patient's skin is cold and clammy.

Prevention is the best cure. A simple rule to avoid treatment confusion is: If the patient is cold, make him warm; if he is hot make him cool. If conscious give cool drinks, not ice cold. Do not give stimulants. Get the patient to a doctor or hospital as soon as possible.

FALL GARDENING

What are you planting in your fall garden? The garden experts put at least 19 vegetables on their list of fall garden crops. Look them over and see how many you have yet to plant: Bush snap and butter beans, beets, radish, tendergreens, turnips, carrots, chard, Chinese cabbage, kale, lettuce, rutabagas, mustard, onions, parsley, potatoes, and spinach, cabbage and tomato plants or suckers.

These, plus the summer carry-overs of tomatoes, eggplant and pepper, will fill most any size garden.

Get busy. You are being depended on for at least a 10 month garden this year. August is the big fall garden month in Mississippi. Do not wait, get busy now.

If it is dry when you're ready to plant, open seed drill, water drill thoroughly, let water soak in, sow seed and cover with dry soil.

WATER THE CHICKENS
Don't forget the chickens in the

poultry house and out on the range these hot days. They need lots of clean, cool, fresh water. Just think how good a cool glass of water is to you, and do not leave the poor old hens with no water or sun-heated water to drink.

The poultry specialists say chickens require more water for each unit of body weight than any other animal on the farm.

SEWING IDEA
Tweezers are convenient in pulling out bastings or a thread caught in the sewing machine bobbin. A yardstick is useful in measuring skirt lengths and altering patterns, and grain perfect.

By - Gone Days

By LARRY SCHARFF

FIFTY YEARS AGO

A former boy who cast his lot in another state recently returned to his home town. He found many improvements but cited a serious handicap to the happiness of the people here.

"I hear that in the last few years there have sprung up a dozen different factions among you; and as a result, happy days of a few years past are no more than a memory," stated the young man. He added, "My only wonder is that if you are really in this sad social plight how you could have made such progress during the past several years."

Robert S. Landry, the well known Orleansian, secretary of the Young Men's Democratic Club, visited the Bay Sunday and will spend the summer at the popular Gulf Beach Hotel.

Eugene Joyner arrived here Saturday night from Gulfport where he is engaged in carpentry work.

TWENTY-FIVE YEARS AGO

The magnificent clock installed by the Merchants Bank & Trust Company, of Bay St. Louis, pealed forth its melodious cathedral chimes for the first time today. Much favorable comment was heard on all sides by those who were within range of the sweet notes that pour forth every quarter hour.

Reports from the Tarpon grounds, of Pass Christian, indicate that Dr. C. M. Shipp and Sardin F. O'Neal of Bay St. Louis are catching the biggest ones. They will have fish tales galore to tell the Rotary Club Wednesday night.

Hotel Weston will soon start operation on both the European and American plans. This service is being established in order to increase the usefulness and popularity of the hotel.

TEN YEARS AGO

The war in the East continues, with Germany reporting breakthroughs and Moscow asserting the contrary.

No one knows what is happening except that men are being slaughtered. The clatter of machines and the clash of mechanized armies may capture the imagination, but it is human beings that are doing the dying.

Peace is possible in the world only if those who want peace possess the power to enforce it. To leave peace to the mercy and decision of nations that worship the gods of war is foolish, yet

that is what the democracies of the world did. Today they are paying the price of folly.

—Miss Mary Francis Scafide, daughter of Mr. and Mrs. Arthur Scafide, entertained a large number of her school friends with a weiner roast at the home of her parents. Later on the boys and girls enjoyed dancing in the Scafide home while refreshments were served.

Excerpts from a poem composed by Mrs. Frank Kiefer, read before the Bay-Waveland Garden Club at its July meeting: There's always respite from troubles

In a spot that's cool and green;
And nature lends her aid
To make our lives serene.

And as we trend our way
Along life's winding path—
A garden's an etching in color
Whose memory is sure to last.

FIVE YEARS AGO

Try-outs and casting have been completed for the two one-act plays which will be presented on the same night at the Bay St. Louis Little Theatre as the August production.

"Ten Flights Up," by Lillian Carroll, has a cast of four women and is being directed by Mrs. Clifton Ferrell. "A Night At An Inn," by Lord Dunsany, requires eight men and is under the direction of Mrs. Rene de Montluzin, Jr.

—Mrs. Louis Maumus and sons have returned from a trip through Louisiana and Texas where they visited relatives.

—Mr. and Mrs. Eugene Mogab left this morning for a trip through the east. They will visit their son-in-law and daughter, Mr. and Mrs. Robert Dorn, and little daughter, Molly, at Baltimore.

CONGRESS IN HIGH SPEED

During the first few months of the session of the Congress, which began last January, Congress marked time. There were a number of reasons for this, aside from the ordinary time consumed in the organization of a new Congress. One of these factors was the fact that the administration was slow in making its recommendations upon matters involving foreign affairs. This, of course, was due to the fact that the Kremlin was calling the signals and it was

NEHI BOTTLING CO.
GULFPORT, MISS.

necessary for the Administration to meet problems from day to day. Incidentally, this will continue to be true so long as the Kremlin is permitted to dictate the terms. However, in order to meet the end of the fiscal year money bills and in order to get rid of the "must" legislation, Congress has been in high gear for the past couple of months. Night sessions have not been infrequent. In addition, the House has been meeting earlier in the mornings than ordinarily. This, of course, places a burden upon the membership because ordinarily the mornings are devoted to committee hearings and to correspondence. Even though August 1st is on us, there is little talk about adjournment, although there is some talk to the effect that the House may recess in late August or early September for about thirty days in order to give the Senate an opportunity to catch up.

CEASE FIRE

In between legislative problems, the members manage to find enough time to keep up with what is going on in Kaesong, Korea. The fact that it took nearly thirty days for the representatives of the United Nations forces and the Communists to agree on a cease fire order in that beleaguered peninsula is prophetic of what may be expected when it comes to agreeing upon the cease fire order itself. The armistice in World War I required four days, as we recall it, and the surrender of Japan about a week. Yet, the negotiators have spent practically a month on agreeing on what they would discuss when they met to seek a cease fire order.

This runs true to Communist form. Always bear in mind that while the Communists don't want war, they don't want peace. Communism thrives upon confusion and chaos. And while there is no assurance even now that an agreement will be had between the negotiators stopping the war in Korea, there is one thing certain and that is that the Communists will throw every hurdle, roadblock, and obstacle into the discussion leading to such an order that they possibly can. So do not be surprised that if thirty or sixty days from now negotiations will still be going on—unless we become convinced that they are playing a trick and break off the negotiations ourselves. There is always a possibility that this is but another Trojan horse and the Communists are playing for time to build up their forces.

—Guest of Miss Rita Boh this week is Miss Alice Bailey of New Orleans.

WEEKLY NEWS LETTER

by
W. F. BOND, Commissioner State Department Public Welfare

It is against the federal law for the welfare department to make public the names of those old people, children, unemployables, and blind people receiving assistance. The reason given is that it would be unfair to those of our citizens who because of circumstances beyond their control have to ask for assistance or relief—to parade their names before the public. Also, it was thought by some that publishing the names of those receiving assistance would expose them, especially the old people, to unscrupulous advertisers of cure-all medicines, etc.

There is an attempt being made now in Congress to repeal this part of the law because it is said that in some states people able to take care of themselves are on the relief rolls and that such persons would not ask for help if they knew their names were going to be in the papers as recipients of help from federal and state funds.

Chickens On The Range Need Cool Water

By JAMES TOLER

POULTRY. Chickens on range need plenty of water these hot days. Actually chickens require more water per unit of body weight than any other animal on the farm.

Plan to keep plenty of fresh, clean, cool water on the range for your pullets. If you do not have running water, or the distance is too great to pipe water to the range, use a barrel on a sled to haul water to the range.

You can pull the barrel up to the house to fill it, then pull it back to the range. Attach an automatic valve and you have a good home-made automatic waterer.

Grow more grade "A" broilers. Begin with the best chicks available, either U. S. Pullorum Passer or U. S. Pullorum Clean. Buy them as close to home as possible.

Follow recommended feeding and management and begin early in the feeding period to cull out undesirable and poor quality chicks. This will save on the feed bill and improve the quality of your flock as well.

Be alert for parasites and diseases. Market your broilers on a graded basis and sell them as close to home as you can.

HOGGING OFF CORN. Many farmers have doubled the selling price of their corn by hogging it off and marketing it through pigs. It not only saves labor, but is recognized as one of the better ways of building up the fertility of the soil.

Turn hogs in fields when corn begins to dent and harden. Give them the run of 10 to 15 acres at a time, if practical; allow about 10 or 15 hogs to the acre. When an area is almost cleaned off, move heavier hogs to another area and let dry sows and small pigs finish cleaning the area.

AUGUST PASTURE REMINDERS. Mow all pastures. Allow some land for early winter grazing plantings. Buy rescue, Ladino, crimson rye grass, oats and red clover seed needed for fall planting. Have soil tested.

Mr. and Mrs. Harold Jordan, of New Boston, Texas, announce the birth of a daughter born Saturday, July 28, Mrs. Jordan is the former Miss Florence Finhold of Bay St. Louis.

Yacht Club Auxiliary Plans Card-Luncheon

The Woman's Auxiliary of the Bay-Waveland Yacht Club reminds you that Wednesday, August 8, is the day for another of their enjoyable card-luncheons.

Mrs. Ernest Allgeyer, president of the Auxiliary, emphasizes the fact that this will not be a tournament. Groups will remain at their own tables and play with their own partners. High score at each table will be eligible for prizes.

There is no more delightful place to spend an afternoon than at the yacht club, so, arrange a group, either for canasta or for bridge and phone immediately for reservations. The card-luncheons are not limited to members of the club.

IT'S THE MAN WITH A RECORD THAT COUNTS

THE FAR REACHING RESULTS OF HUGH WHITE'S LEADERSHIP AND EXPERIENCE HAVE CREATED THE IMPACT FOR MISSISSIPPI'S AMAZING STRIDES OF PROGRESS. LET'S CONTINUE OUR PROGRESSIVE GROWTH WITH THE LEADERSHIP OF MISSISSIPPI'S MAN OF ACTION—HUGH WHITE.

CHECK — HUGH WHITE'S

ACCOMPLISHMENTS. See how they have benefited you, your family and your community.

1. Homestead Exemption

Now everyone knows the truth! Hugh White called a special session of our state government to give us the great savings we now enjoy through Homestead Exemption. Hugh White is the only candidate for governor who had anything to do with our present Homestead Exemption benefits.

This was the action of a man of courage.

2. States Rights

And I will walk out again! So said Hugh White in his opening speech. Others claimed approval of States Rights but Hugh White courageously challenged he will walk out again to protect our sacred heritage and cherished principles.

This is the course of a man of convictions.

3. Leadership

Experience is divided into two types. One is leadership and the other is following behind the leader. Only two candidates have had experience. Only Hugh White has had leadership experience — leadership that vastly improved our way of life.

This is the action of a man with know-how.

4. Balance Agriculture With Industry

55 industries employing 16,000 people and providing almost 40 million dollars in payrolls have already come to Mississippi because of Hugh White's BAWI law. Hugh White created the plan—worked hard to guarantee the success of BAWI to the advantage of Mississippi citizens.

Hugh White is not a farmer. He is first to admit this. He doesn't promise bulldozers nor will he play doctor to sick acres. Hugh White pledges to cooperate with the existing agencies and associations who work to improve the farmer's welfare. Hugh White only promises to help get a better market for our Mississippi products.

This was the course of a man of vision.

5. Rural Electrification

Remember the coal oil lamp? Only a few short years ago our countryside was in darkness except for the weak flicker of an occasional kerosene lamp. Now, through the benefits of rural electrification, the steady warm glow of electric lights signify a better life through electricity. Hugh White signed the first law in America that brought electric living to additional farm families. Hugh White advocates the expansion of rural telephone service.

This was the course of a real friend of the farmer.

6. Education

Hugh White is the first candidate for governor to uphold and publicize the findings of Mississippi's Citizens Council on Education. Hugh White believes we must uphold our constitutional system of equal and separate facilities. Hugh White recognizes the need of increasing teachers salaries and retirement benefits.

This is a stand for the future of Mississippi's children.

7. Highway Expansion

Governor after-governor had promised hard surfaced highways for Mississippi. When Hugh White took office as our governor we still had gravel roads and mud hole wagon ruts. Only 12 days after Hugh White took office his progressive legislature had approved Hugh White's highway expansion plan. Over 3,000 miles of roads were paved during Hugh White's administration. Our gasoline tax was 6 cents a gallon when he went in office and 6 cents a gallon when he went out of office. Hugh White pledges to rush our farm to market road plans when he is elected.

This was the course of a man of action.

8. Old Age Assistance

Under the provisions of the Welfare Act passed by Congress in 1935, Hugh White signed the bill which gave Mississippians their first Old Age Assistance.

This was an act of a man of compassion.

PROMOTE SYLVEST MORAN

TO
SHERIFF & TAX COLLECTOR
OF
HANCOCK COUNTY

TO THE VOTERS OF HANCOCK COUNTY:

In making my final appeal to you I would like to review my past and outline my qualifications for the office of Sheriff and Tax Collector.

I made my first campaign for public office in 1915 for County Treasurer and was elected. At that time I appealed to the people to elect me so I could continue my school work. While serving as County Treasurer I completed commercial course at St. Stanislaus. So I now acknowledge a debt of gratitude to the people of Hancock County for giving me the opportunity of improving myself and for that reason I stand before you today well qualified to fill the job I seek.

Upon completion of my term as County Treasurer, I spent the next 20 years with Edward Hines Lumber Company and McLeod Turpentine Company, in the capacity of bookkeeper and paymaster. Thereafter I operated a dairy farm, and was in logging business until I accepted the position I now hold in the Sheriff's office.

In discharging my duties as Chief Deputy during the present administration I have been ever mindful of the burden placed upon the public by taxation, realizing that all of us must bear our share. I have tried to make this job of collecting taxes as pleasant as possible, and at the same time render efficient service.

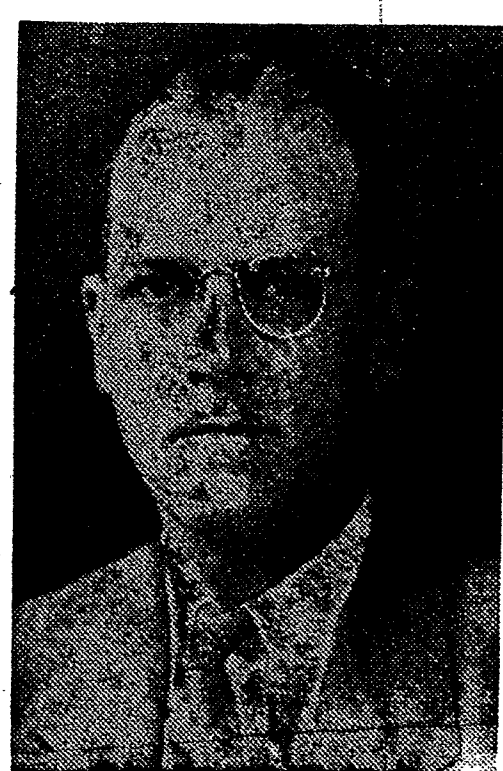

Respectfully submitted

Veteran of World War I and
World War II, the only
veteran in the race for
State Treasurer

A group of professional politicians have been in control of your State Treasurer's office for almost 24 years by the simple method of swapping candidates every 4 years. When one is elected, he appoints the other assistant, then in 4 years the assistant offers for election and appoints the outgoing Treasurer to a key job in the Treasurer's office. I believe this violates the spirit of our Constitution. It certainly is contrary to the idea of democratic government, and I believe when enough of the right thinking voters of Mississippi know of this condition, they will vote for AL MAJOR for STATE TREASURER and return this office to the people.
